

Trump

Pray for the President, injured – not dead
Missing the bullet by turning his head
Country in shock, brought about by division
Left vs. right in a deadly collision

Called him “a Nazi, a demon and liar”
“Hitler and fascist”, with pitch running higher
“Menace, dictator, child rapist and fraud”
Networks TV and their talking heads squad

Sowing much anger and hate, at the root
Loading ammo for someone to shoot
Sadness, but jokes are so shamelessly spread
Much to be learned in the time ahead

“Fight for the country”, clenched fist on the screen
Agents, Old Glory, historical scene
Smears of blood, yet no fear one bit
Looks like a man who is angry and fit

Jolts undecided, decided – compelled
President T-R-U-M-P is how name is spelled
Don't let them do it, the criminal gang
Vote in November and see them defanged
