72 Virgins

Dedicated to the “freedom fighters”, who attacked Israel. And the girls they eventually meet

October 7th – biggest joy
They came, they killed, they won the day
To conquer, raze, rape and destroy
“A liberation”, in a way

The days that followed weren’t as fun
No time for prayer bullets lent
Time meet the virgins, drop the gun
And by the thousands they went

They came from Gaza, Lebanon
They crawl from Syria, elsewhere
The war, it keeps on going on
Conveyor belt, intense nightmare

The line is long at Heaven’s gate
They once were proud, hateful bunch
Professing rage for Zion state
Prepared to eat them Jews for lunch

But now whore house in the sky
Just can’t keep up with every trekker
“When does it stop?” the girls would cry
“We cannot service every pecker”

Oh, poor virgins, overworked
The girls, the cuties, babes and chicks
Are not amused, exhausted, irked
Can’t help the gents without dicks
